INDOOR CLIMBING FOR **SCHOOLS**

FUN FITNESS TO INSPIRE & MOTIVATE

BEACON

CLIMBING CENTRE

WELCOME TO BEACON

Indoor climbing at Beacon Climbing Centre is an exhilarating activity offering exciting physical and mental challenges at a level specific to the individual. Getting involved is a great way to inspire physical activity for both athletic and non-athletic pupils by proving that exercise is actually really fun!

This booklet provides an overview of indoor climbing at Beacon for schools and how learning outside a traditional environment can benefit your pupils, from the unbeatable sense of accomplishment when mastering our high roped climbing walls to the thrills experienced when climbing above deep foam matting without using a rope on our low level bouldering walls.

Beacon is already used by schools throughout the region as a valuable and fun educational resource, providing young people with new and exciting experiences that allow them to explore their true potential. We would love your school to realise the benefits of using the climbing centre too and we are keen to answer your questions, discuss your ideas and tell you more about what Beacon can offer your school.

Call us on 01286 677 322, email info@beaconclimbing.com, or visit www.beaconclimbing.com for further information. You are also welcome to visit Beacon anytime to have a look around.

We look forward to seeing you!
Kind regards

The Beacon Team

WHAT IS INDOOR CLIMBING?

Opened in 2012 and located within a huge indoor studio, the new Beacon Climbing Centre is a professionally operated all-weather venue offering a fantastic variety of indoor climbing from 17m high climbs requiring the use of safety ropes and harnesses, to low level bouldering climbs attempted above deep foam matting.

Beacon has hundreds of different colour coded climbs to attempt from really easy to really hard, designed to accommodate all levels of ability and all ages. Choosing the correct sequence of colour coded holds and reaching the top provides a really fun workout and an unbeatable feeling of achievement that can be hugely beneficial towards increasing confidence and self-esteem. The climbs are even changed regularly throughout the year, ensuring there are always fresh challenges to undertake for future visits.

“Climbing has built up my confidence and I have learnt to try my best and have a go.”

Indoor Climbing is a superb way to encourage physical activity and helps to develop movement, balance, hand eye co-ordination, team work and communication skills in an engaging environment that encourages social interaction. In addition to the physical challenge, climbing also provides a technical challenge that requires concentration, problem solving abilities and mental tenacity to succeed, as participants must discover how to successfully move between the coloured holds. It is a great activity to stimulate, motivate and enhance confidence outside of the typical learning environment.

- ✓ Increase personal confidence and self-esteem.
- ✓ Develop confidence and trust in others.
- ✓ Experience a real sense of achievement.
- ✓ Develop team work and communication skills.
- ✓ Enhance concentration and focus.
- ✓ Develop balance and co-ordination.
- ✓ Strengthen mental resolve.
- ✓ Be inspired to learn and succeed.

WHO IS BEACON FOR?

The indoor climbing at Beacon has been carefully configured to provide highly enjoyable and achievable challenges for all pupils **aged 5 years and up** including those with special needs. No previous experience is necessary and all the specialist climbing equipment required is available at Beacon.

With a comprehensive range of climbs available ranging from really easy challenges designed to offer manageable climbing for those new to the sport, to professional level climbs designed to inspire and challenge future champions, participants are able to operate at a level specific to their individual capabilities. Consequently, young people who dislike the competitive nature of traditional field and gym sports are often willing to have a go and almost always enjoy climbing after experiencing the sense of achievement upon reaching the top.

GETTING STARTED

Indoor climbing sessions at Beacon are fully supervised and focus on introducing young people to the sport in a friendly environment, at a level appropriate to their age and ability.

We offer one-off Climbing Experience sessions, providing an exciting introduction to indoor climbing, or if you would like to bring your group regularly, pupils will have the opportunity to gain additional skills and knowledge and to develop an active interest in climbing. Pupils of all ages will find that their balance, co-ordination, strength and flexibility will improve through participating in regular sessions.

Beacon is also a NICAS (National Indoor Climbing Wall Award Scheme) Primary centre delivering NICAS courses to anyone from age 7 and upwards. The scheme features a series of 5 levels of increasing technical skill and knowledge and provides the structure and motivation for new climbers to develop their skills in order that they may gain the most out of their climbing, in addition to having their achievements recognised by a national body.

NICAS promotes pupil led learning and peer teaching where participants can learn at their own pace and take responsibility for recording their achievements in their NICAS log book. For those at GCSE level, NICAS has been taken up by examination boards for pupils working towards not only a Climbing GCSE, but also those who are using climbing as one of their key activities in GCSE PE.

Additionally, participants in the scheme can continue to progress outside of school organised sessions by joining our Great Apes Club (suitable for ages 7-10) or our Rockhoppers Club (suitable for ages 11-16), run weekly during school term time.

Aims of the National Indoor Climbing Award Scheme:

- ✓ to develop climbing movement skills and improve levels of ability.
- ✓ to learn climbing rope-work and how to use equipment appropriately.
- ✓ to develop risk assessment and risk management skills in the sport.
- ✓ to work as a team, communicate with, and trust a climbing partner.
- ✓ to provide a structure for development, motivation and improved performance.
- ✓ to develop an understanding of the sport, it's history and future challenges.
- ✓ to provide a record of personal achievement.
- ✓ to point the way to further disciplines and challenges in climbing beyond the scheme.

“We learnt how to use the equipment to keep each other safe when climbing together.”

PRICING FOR SCHOOLS

For your school group's safety and in conjunction with national guidelines, Beacon instructs groups at a maximum ratio of 1 instructor to 8 children.

- ✓ 1-3 people £85 per group for 1.5 hours
- ✓ 4-7 people £95 per group for 1.5 hours
- ✓ 8+ people £15 per person for 1.5 hours

These prices include hire of all equipment, including safety helmets.

We are happy for you to provide your own instruction for your school group provided that all instructors are appropriately qualified and insured.

- ✓ Group under external instruction £10 entry per adult, £8 per child.

Equipment can be hired where required, £3 for one item, £4.50 for 2+ items (per person).

SAFETY INFORMATION

At Beacon Climbing Centre safety is our priority and we are committed to providing safe facilities, equipment and instruction. All our instructors are fully qualified in accordance with national guidelines, holding a minimum of CWA (Climbing Wall Award) or SPA (Single Pitch Award) qualifications and holding relevant first aid qualifications.

Beacon is also a full member of the ABC (Association of British Climbing Walls), the representative body for UK climbing centre managers and owners. ABC members are committed to operating and managing their climbing walls to current ABC guidelines which are endorsed by the British Mountaineering Council and the Entertainment National Interest Group of the Health and Safety Executive.

Please note that Beacon does not offer outdoor activities for young people and therefore does not require an AALA licence. We are happy to provide you with a copy of our Risk Assessment and to answer any of your concerns.

OPENING HOURS

Beacon Climbing Centre is open 7 days a week, throughout the year.

Summer Opening Times

(May - September)

Weekdays 10:00am - 9:00pm

Weekends 10:00am - 6:30pm

Winter Opening Times
